Quality You Can Trust

## ● Wide view angle

Vertical view 140 degrees and horizontal view 140 degrees to broaden the audience and allow more display of the ad.

## ● High contrast

The unique triple louvre design assists in delivering a perfect image with superb contrast.

## ● Reliable performance

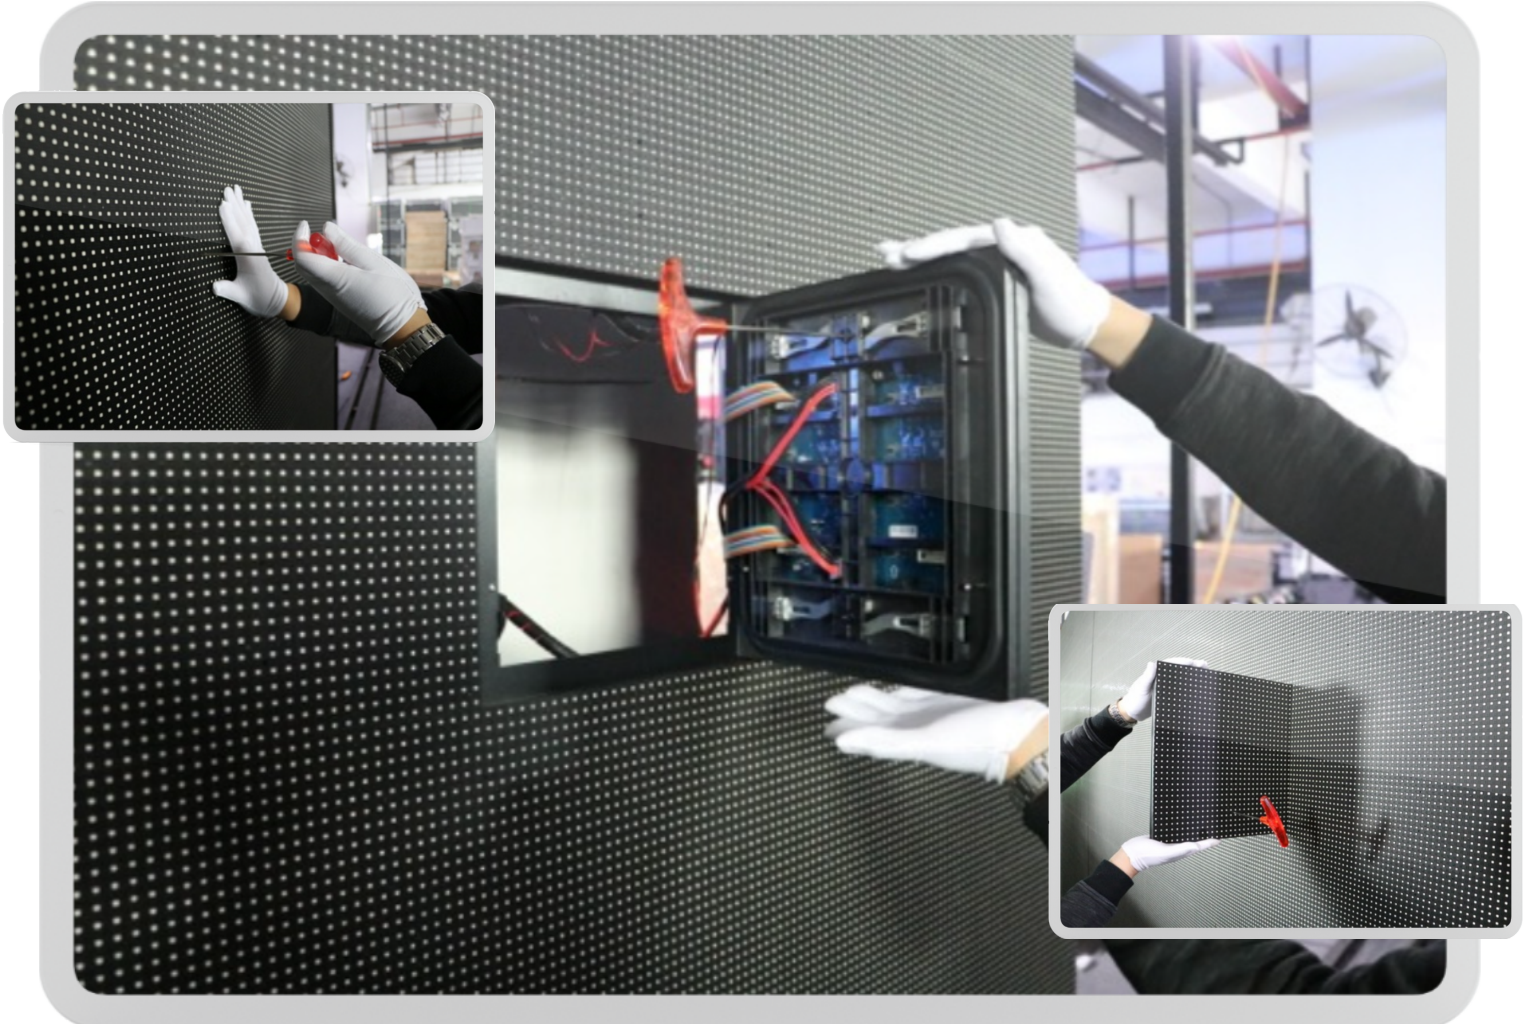

Full range of high-end lamp beads and chips sourced to control the stability of the product from the raw material.

# Parameters

Pixel Pitch	Unit	4	5	6.6	8	10
Minimum Viewing distance	Meter	4	5	6.6	8	10
LED type	N/A	SMD2727	SMD3535			
Pixel pitch	mm	4	5	6.6	8	10
Brightness	Nits	5500-6500			6500 -7500	
Driving type	Scan	1/10	1/5	1/8	1/4	1/2
Module dimension (WxH)	mm	320 x 320	320 x 320	320 x 320	320 x 320	320 x 320
Cabinet pixel (WxH)	mm	240 * 240	192 * 192	144 * 144	120 * 120	96 * 96
Cabinet material	N/A	Magnesium/Aluminum alloy/Steel				
Maintenance way	N/A	Front/Back				
MAX Power consumption	W/M2	720				
AVG Power consumption	W/M2	240				
Refresh rate	Hz	3840/1920				
Digital processing	Bit	16				
View Angle (H/V)	Degree	140/140				
Gray scale	Level	16384				
Driver IC	N/A	MBI/ICN - PWM				
Ingress protection	N/A	IP67				
Operating Humidity	RH	10 ~ 95%				
Operating Temperature	F/C	-4F~ 140F/ -30 ~ 60				
Life time(50%brightness)	Hrs	100,000				

# Maintenance

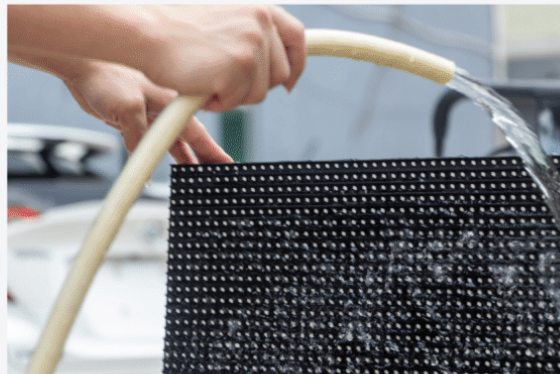

Outdoor LED Billboard **CS**

## ● Solidly-built architecture

The solid structural qualities of the Bibiled standard outdoor cabinets ensure efficient screen performance in the harshest of environments and severe weather conditions.

## ● IP65 water-proof

UV resistant, dustproof and waterproof, IP65 protection level; stable signal and power supply, safe and reliable for outdoor use.

## ● Dual heat dissipation

Low power consumption, low heat, energy saving and environmental protection; excellent thermal design, small attenuation, long life.
